Fort Bend Grand Parkway Toll Road Authority

Grand Parkway/SH 99 - Total Closure

Jodie Stavinoha Bridge: Riverpark Dr. to New Territory Blvd.

Northbound – October 28 at 7:00 am through November 21 at 5:00 pm

Southbound – Tentatively November 27 at 5:00 am through December 22 at 5:00 pm

Fort Bend Grand Parkway Toll Road Authority (FBGPTRA) will continue construction on the north bound lanes of the Jodie Stavinoha bridge over the Brazos River located between Riverpark Dr. and New Territory Blvd. The total closure is required to complete the emergency repair that will stabilize the northern bank of the Brazos River and prevent any damage to the Grand Parkway/SH 99 bridge while ensuring the safety of the traveling public. Beginning Saturday, October 28 at 7:00 am, the northbound mainlanes between Riverpark Dr. and New Territory Blvd. will be closed continuously until Tuesday, November 21 at 5:00 am when one lane will reopen. Southbound traffic over the Jodie Stavinoha Bridge will remain open in one lane only during this time.

Northbound traffic on Grand Parkway/SH 99 may detour by traveling north on IH 69/US 59, turn left to proceed north on SH 6, then turn left to proceed west on US 90A and proceed to Grand Parkway (SH 99). Traffic will be able to reenter the SH 99 mainlanes at the northbound entrance ramp from US 90A/ FM 1464.

Between November 21 and November 27, both northbound and southbound Grand Parkway/SH 99 traffic is scheduled to remain open in one lane only. On November 27th the southbound mainlanes will be closed continuously until Friday, December 22 at 5:00 pm. All dates on the southbound traffic closure are tentative and subject to change at this time.

Southbound traffic on Grand Parkway/SH 99 will exit FM 1464/US 90A, turn left to proceed east on US 90A, then turn right to proceed south on SH 6. Traffic will be able to access IH 69/US 59 to proceed to their final destination. Local New Territory residents may continue to access New Territory Blvd. and Sandhill Dr. using the SH 99 frontage roads and auxiliary lane.

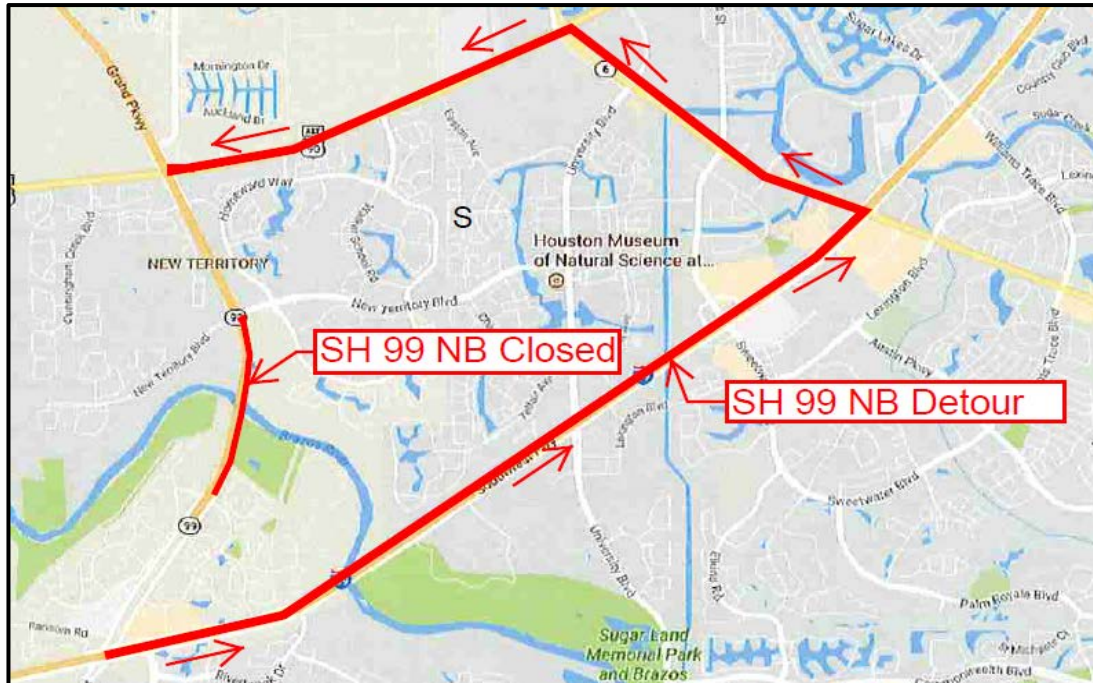

We advise the traveling public to consider alternative routes during the closure times listed above. Our goal is to minimize traffic delays while ensuring the safety of the traveling public at all times. Please use caution and be aware of your surroundings when navigating through the construction and detour areas. For updates and information, visit our website www.fbctra.com.
